Summary

Versatile developer with experience in both front-end web development and C++ programming. Proficient in building responsive, user-centric web applications using React, Vite, Tailwind CSS, and Next.js, while also having strong problem-solving skills honed through competitive programming in C++. Demonstrated ability to collaborate on large-scale projects and events, from concept to deployment.

Experience

- Developed and deployed multiple portfolio projects using React and Tailwind CSS.
- Organized and led a community tech event with over 500 participants in partnership with leading tech companies.
- Built a web application enabling users to curate and organize their book and novel reading lists.
- Proficient in C++, with extensive experience in data structures, algorithms, and competitive programming.
- Created efficient Python-based web scraping tools to automate data retrieval tasks.

Education

Dr. A.P.J. Abdul Kalam Technical University , BS in Computer Science Oct 2022 – Oct 2026

- **Coursework:** Computer Architecture, Comparison of Learning Algorithms, Computational Theory programming, Data Structures and Algorithms(C++), Web Development, Object-Oriented Programming.

Activities

Brand Ambassador , Wayspire Feb 2024 – Mar 2024

- Represented the brand on college campuses, promoting its products and services.
- Engaged with the student community to raise awareness and increase participation in Wayspire's initiatives.

Projects

Personal portfolio github.com/sumit-kumar19

- Developed an personal portfolio site
- Tools Used: React.js, javascript, Vite, tailwindcss.

Prakriti github.com/prakrti

- Developed a site to Know body pheno-type by answering predefined question.
- Tools Used: React, Css, Javascript, Git

Technologies

Languages: C++, C, JavaScript, Python, Html, Css

Technologies: React, Tailwindcss, Vite, Git, flask
